

# SPAH Kids

## FREQUENTLY ASKED QUESTIONS (FAQ)

1.

**Who are the Principal Investigators?**

**Matthew Pellerite, MD, MPH**  
NorthShore University HealthSystem  
**Adriana Weisleder, PhD**  
Northwestern University  
School of Communication

2.

**Who can participate in the study?**

Families can enroll in the study after completing participation in the SPAH Study and when their child is between 6 months and 39 months.

3.

**Where is this study taking place?**

This study is completely remote. All activities will be completed online and require internet access on a phone or computer.

4.

**How long is this study?**

You can participate in up to 4 sessions, depending on your child's age. Sessions are every 6-12 months between ages 6 months and 3 years.

5.

**What do the sessions involve?**

Sessions include surveys, interviews, and recordings. For more information, check out the infographic titled, "SPAH Kids Session Guide".

6.

**What is the compensation?**

You will be compensated with Target or Amazon giftcards for each study activity you complete. You do not have to participate in all 4 sessions to receive compensation.
