

How to Use Target E-Giftcards

Using a Target e-giftcard requires an account. Below are the steps to create an account and add e-giftcards you can use online or in-stores.

Create or Sign in to Target Account

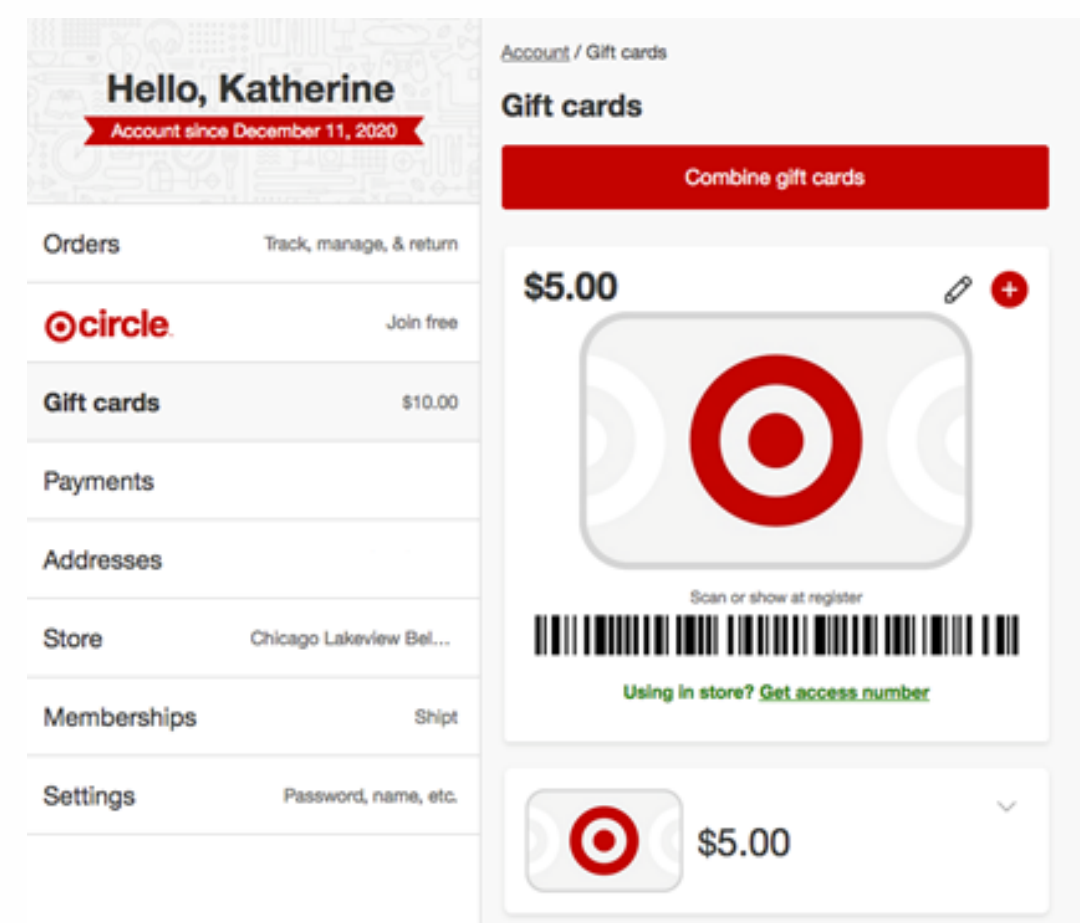

1. Go to target.com and sign in or create an account.
2. If you are creating an account:
 - a. Enter your contact information
 - b. Skip "Join a team" for now
 - c. You will receive a text or email to confirm your account was created
3. Stay signed in to your account.

The screenshot shows the 'Create your Target account' form. At the top is the Target logo. Below it is the title 'Create your Target account'. The form includes several input fields: 'Email address', 'First name', 'Last name', 'Mobile phone number (optional)', and 'Create password' with a 'show' link. There is a checkbox for 'Keep me signed in' with a note about security. At the bottom, there is a 'Create account' button and a paragraph of terms and conditions.

Add the e-giftcard to your account

1. Click on the **Access gift card** link included in the email with the e-giftcard.
2. Click **Add to my account**.
3. You will see a screen showing the giftcards in your account.

Combine giftcards (optional):

- Click on the red bar that says **Combine gift cards**. This way you can use one \$20.00 giftcard instead of two \$10.00 giftcards.
- Then click **Confirm**.
- You will receive an email to confirm your giftcards have been combined.
